

YITZY ROSENBERG

+1 (304) 449-4899 | yitzy.prospect@gmail.com | Bitzyspider.com | linkedin.com/in/YitzyRosenberg

EDUCATION

University of California, Berkeley

Dual Degree MBA & Master of Engineering, Industrial Engineering & Operations Research

Expected 2028

- Consortium, Merit Scholarship

Cornell University, College of Engineering

Master of Engineering, Systems Engineering | Financial and Business Systems | GPA: 4.0

2021

Bachelor of Science, Environmental Engineering | Entrepreneurship | Cum Laude | Undergraduate GPA: 3.7

2020

- President INCOSE, VP Cornell Rotaract, Officer AguaClara, Sr Engineers Without Borders, Unit Head Camp Kesem, Kessler Fellowship, Engagement Intern Hillel, Officer Triphammer Cooperative, Mentor CU-Empower, Peer Advisor & Ambassador Civil & Environmental Engineering Dept, Rotary WASH Grant Writing Team, Engaged & Engineering Leadership Certification

EXPERIENCE

Astrid, Miami, FL

2025 – 2026

Co-founder CTO, COO

- Co-founding an AI-powered clinical diagnostics startup; leading product strategy, technical architecture, and go-to-market.

Woolbright Development, Boca Raton, FL

2024 – 2025

Private Equity. Southeast-focused retail real estate developer specializing in shopping centers. \$1B+ portfolio

Head of Special Projects, Asset and Product Manager

- Designed a first-principles leasing framework, modeling pipeline throughput and execution friction, diagnosing bottlenecks, guiding a full CRM buildout, and generating \$14M in portfolio value at distressed properties.
- Served as internal consultant to the CEO, conducting structured stakeholder interviews across 3 departments to diagnose operational gaps, redesign core workflows, and deliver measurable performance visibility for the first time.
- Built an AI-assisted acquisition tool automating OM parsing, ownership research, and risk categorization, scaling weekly deal review capacity 10x and standardizing first-pass underwriting across the acquisition team.
- Directed end-to-end delivery of a \$10M+ retail redevelopment, managing bidding, permitting, and construction strategy across a cross-functional team, functioning as a full-service engineering consultant and delivering on time.

Gearsupply, Cincinnati, OH - Mexico City, MX - New York, NY

2023 – 2024

Startup Series A. Largest online marketplace and direct inventory retailer for professional video, audio, and production equipment.

Director of Operations

- Stabilized a near-shutdown operation by resolving expired warehouse leases, conducting a full insurance audit, and restructuring logistics across three locations to preserve business continuity within weeks of joining.
- Architected the company's first integrated inventory and CRM system connecting accounting, sales, purchasing, and warehouse operations across hundreds of SKUs, eliminating the complexity that had driven the entire sales team to resign.
- Redesigned fulfillment, product testing, and customer service workflows, reducing fulfillment time to under 24 hours, driving error rates to near zero, and directly enabling the sales team to scale revenue to \$15M+.
- Scaled operations from 3 to 20 people in under a year while leading international expansion into Mexico and the UK.

South Florida Water Management District, West Palm Beach, FL

2021 – 2023

Federal Government. Largest water management agency in US managing flood control, water supply, and ecosystem restoration.

District Resiliency Project Manager

- Conceived and launched the district's first joint water treatment innovation program, securing millions in grants and public and private partnerships to pilot initial nutrient runoff technologies within six months; program remains active today.
- Joined as one of three founding members of the district's first resiliency team, contributing to \$100M+ in flood protection funding through grant writing and executive presentations while supporting \$350M+ infrastructure portfolio oversight.
- Facilitated consensus across 20+ subject matter experts to design a water supply planning process now formally embedded in the Lower East Coast regional regulatory framework for resiliency planning.

Chloe Capital, Ithaca, NY

2020 – 2021

Venture Capital. Early-stage venture fund investing in gender-diverse founding teams across technology and consumer sectors.

Venture Capital Analyst and Kessler Fellow

- Pioneered investor outreach workflows, generating LP connections that directly contributed to the inaugural \$50M raise.
- Published a widely cited white paper on gender lens investing while conducting full investment diligence for 50+ companies.
- Built the firm's first CRM and portfolio monitoring system, tracking performance across 20 portfolio companies and first hires.

ADDITIONAL

Certifications: Lean Six Sigma Black Belt, Associate Systems Engineering Professional (ASEP), Fundamentals of Engineering (Pending)

Present Leadership: President Cornell Club of Fort Lauderdale and Boca Raton, Aspen Institute Future Climate Leader, Young Professionals in Energy, Young Professionals in Infrastructure Board Member, AWWA Scholar, ACS Scholar
